APPROVED BY.....

CONDITIONS AND REGULATIONS OF SUPPLY

Electricity will be supplied in accordance with the Electric Power Sector Reform (EPSR) Act 2005

The Jos Electricity Distribution Plc., (herein after called the Company) will supply Electricity to Customers at the following terms and condition:

1. INSTALLATION

Wiring installation shall be executed in accordance with the Company's approved standard

2. SERVICE LINE

The nature and location of service lines and other supply facilities shall be determined by the Company. The Company shall be at liberty to take branch service of the service line whether on the service line in the customer's premises or not, for the purpose of supplying electricity to any other premises. The customer shall obtain and maintain all facilities required by the Company for the installation of the service line including the necessary way-leaves over his own and/or adjacent property which the Company may require.

3. ACCESS TO PREMISES

The customer shall give the Company all reasonable and necessary access to the customer's premises for the purpose of connecting, disconnecting, inspecting, testing, replacing, maintaining or removing any service line, meter and/or other apparatus or any part thereto and for reading the meter. The Company's official will produce his/her Company's official identity card, upon demand.

4. ADDITIONAL APPARATUS

After connection to power supply, customer shall not have Additional apparatus connected to his installation without informing the Company in writing. The connection of such additional apparatus to the Company's connection shall not be guaranteed until it has been tested and approved by the Company.

5. DISCONTINUANCE OF SUPPLY

Not less than seven (7) working days notice in writing shall be given to the Company by the Customer before vacating the premises. In default of such notice the customer shall be liable to the Company for all accumulated Electricity bill (s) arising in the premises until such notice is received.

The Company reserves the right to discontinue supply of electricity when other customers are being connected illegally or when the Company's apparatus are being tested, repaired or in cases of unavoidable interruptions.

6. PAYMENT FOR ELECTRICITY

From the date supply is made available, the customer shall pay monthly for all electricity supplied in accordance with the tariff in force, official receipt are issued by the Company for all payment made to it. Customers are advised on each occasion to check the amount machine print on their receipted bills correspond to the sum paid by them.

7. RESPONSIBILITY FOR COMPANY'S APPARATUS

The customer shall insure and keep insured against damage or destruction by fire and shall be solely responsible for the safe custody of the meter and other apparatus belonging to the Company, installed at his premises, and shall not damage, alter or remove the same, or obliterate or remove any such marks, words or numbers thereon, or permit any such damage alteration, removal or obliteration. The Customer shall make good any such damage or reimburse the Company of any break-down, failure, loss, injury or damage to the meter or any apparatus belonging to the Company installed in his premises.

8. NON-LIABILITY OF THE COMPANY

The Company will not be responsible for any loss or damage occasioned to any person or property, whether belonging to a customer or not, arising out of any defects in or accident to the Wiring Installation done by the customer.

9. THE IMPROPER USE OF SUPPLY

If the customer shall make use of the supply in such a way as to interfere with or cause irregularities in the general distribution of the supply, immediate steps shall be taken by the customer to remedy the defects complained of; otherwise the supply will be discontinued.

10. CHANGE OF PHASE

Customers shall inform the Company in writing before changing from one phase to another.

11. BREACH OF AGREEMENT

If the customer shall neglect or refuse to pay for the electricity supplied in accordance with these conditions and regulations, the Company may terminate this agreement and/or discontinue the supply of electricity.

12. REVISION OF CONDITIONS AND REGULATIONS OF SUPPLY

The Company may from time to time, on giving notice to the customer in writing or by public notice amend or alter any of the above Conditions and Regulations of supply or their scale of charges and such amendments or alterations shall take effect at the date specified in the said notice.
